SUBJECT: Proposed Site for Army Air Forces Construction Project.

TO: Interdepartmental Air Traffic Control Board, Room 1406,
Army Air Forces, Gravelly Point Annex No. 1
Attention: Lt. Colonel J. S. Marriott, A. C.

1. The attached letter from the Office of the Division Engineer, South Atlantic Division, Atlanta, Georgia indicates that clearance of the Interdepartmental Air Traffic Control Board has been obtained for use of the subject site as a Turret Gun and Rifle Range.

2. Inquiry at the Office of the Interdepartmental Air Traffic Control Board Secretary reveals, however, that there is no record of such clearance.

3. It is now proposed to use the site at Pinecastle, Florida as a Turret, Rifle and Air to Ground Gunnery Range in accordance with Exhibit "B" of the attached Site Board Report. The site is at approximate Latitude 28°-27' and Longitude 81°-13'.

4. It is requested that this project be directed through appropriate channels to the Interdepartmental Air Traffic Control Board for clearance.

5. Acquisition of property has been deferred pending such clearance by the Interdepartmental Air Traffic Control Board; it is requested that action by the Board be expedited.

For the Chief of Engineers:

mh

JAMES H. STRATTON,
Colonel, Corps of Engineers,
Chief, Engineering Branch,
Construction Division.
