9400 ESO-CE DETACHMENT NO. 5
ENGINEER MINE CLEARANCE TEAM
Pine Castle, Florida

19 June 1955

SUBJECT: Inspection of Pine Castle Ordnance Range

TO: Division Engineer
South Atlantic Division
Corps of Engineers
P. O. Box 1889
Atlanta 1, Georgia

THRU: Jacksonville District
Corps of Engineers
P. O. Box 4970
Jacksonville 1, Florida

1. PAC in Savannah District Engineers SO # 6 dated 5 June 55 as amended, this unit arrived Pine Castle, Florida on 9 June 55 for the purpose of reinspecting restricted areas of Subject Range to reduce the Restricted area boundries to limits of contamination.

2. After carefull inspection of the restricted area new boundries (See attached sketch) outlining contaminated areas were established. The new boundries, per instructions from South Atlantic Division Engineer Office, follow section or sub section lines. They were surveyed, recorded, and the boundries marked on the ground in coordination with a Survey team from Jacksonville District Engineers under Mr. Charles Hunt.

3. It is recommended that a dedudding project be set up for search and clearance of the area, this fall or winter, before new clearance certificates are prepared. The project would require about 2 months using a full Detachment.
