

**Jacksonville District**  
**U.S. Army Corps of Engineers**

Regulation  
No.1110-4-2

November 2006  
Change 1

**Table of Contents**

<u>Title</u>	<u>Page</u>
<b><u>Section 1 Introduction</u></b>	
1.1 Scope.....	1-1
1.2 Purpose.....	1-1
1.3 Background.....	1-1
1.4 CADD Platform .....	1-1
1.5 Additions and Revisions .....	1-1
<b><u>Section 1 Exhibits</u></b>	
Exhibit No. 1 (Implementation of the A/E/C Tri-Service CADD Standard in Jacksonville District) .....	1-2
Exhibit No. 2 (Implementation of the A/E/C CADD Standard in USACE).....	1-4
<b><u>Section 2 Drawing File Organization</u></b>	
2.1 Standard File Requirements .....	2-1
2.2 Electronic Drawing File Naming Conventions .....	2-1
2.3 Use of Sheet and Model Files .....	2-4
<b><u>Section 3 Project Development Using CADD and ProjectWise</u></b>	
3.1 Project Design and Presentation Planning .....	3-1
3.2 Project Wise (PW) Setup .....	3-1
3.3 Develop Design files in Microstation .....	3-1
3.4 Design Software and Tools and A/E/C CADD Standards Compliance .....	3-2
3.5 Standard Compliance Checking and Design Reviews.....	3-3
<b><u>Section 4 Preparation of Contract Drawings</u></b>	
4.1 Drawing Presentation.....	4-1
4.2 To the Detailer .....	4-1
4.3 To the Engineer Technician.....	4-1
4.4 Preliminary Preparation for Drawing Layout .....	4-2
4.5 Project File Set Up .....	4-3

<u>Title</u>	<u>Page</u>
<b><u>Section 4 Preparation of Contract Drawings (Continued)</u></b>	
4.6 Drawing Initiation .....	4-29
4.7 Drawing File Elements .....	4-31
4.8 Scale Relationship.....	4-31
4.9 Placement of Elevations and Views.....	4-31
4.10 Layout of Cut Sections.....	4-32
4.11 Detail Layout .....	4-33
4.12 Text and Scales .....	4-33
4.13 Model File Scale .....	4-33
4.14 Sheet File Development.....	4-33
4.15 Border File Attachment.....	4-33
4.16 Valve House Example.....	4-33
4.17 Site Plan .....	4-37
4.18 Orientation .....	4-37
4.19 Scales .....	4-39
4.20 Key Plan.....	4-41
4.21 Utilization of Record Drawings within the Contract Set.....	4-41
4.22 Redline Procedures .....	4-42
4.23 Drawing Revision .....	4-42
4.24 Arrangement of Contract Plans.....	4-45
4.25 Plan Set Requirements .....	4-45
<b><u>Section 5 Preparation of CADD Contract Drawings for Publication</u></b>	
5.1 Preparation of CADD Drawings Prior to Publication.....	5-1
5.2 Create Archive Copy.....	5-1
5.3 Select File for Review and Cleanup.....	5-1
5.4 Open Cell Library Manager.....	5-6
5.5 Open Design File Cleanup Manager.....	5-6
5.6 Open the file menu and Save Settings .....	5-7
<b><u>Section 6 Graphic Concepts</u></b>	
6.1 Line Work Delineation .....	6-1
6.2 Line Types/Styles.....	6-1
6.3 Line Color .....	6-2
6.4 Text Styles/Fonts .....	6-2
6.5 Dimensions and Leaders .....	6-2
6.6 Notes .....	6-9
6.7 Lettering.....	6-13
6.8 Text Height .....	6-13
6.9 Feature Designations.....	6-13

<u>Title</u>	<u>Page</u>
<b><u>Section 6 Graphic Concepts (Continued)</u></b>	
6.10 Examples of Symbology Data Fields.....	6-14
6.11 Schedule and Table Column Headings .....	6-14
6.12 Markings .....	6-14
6.13 Border Sheets .....	6-14
6.14 Border Referencing Procedure for Microstation User .....	6-15
6.15 Plotting for Microstation Users.....	6-16
6.16 Symbology Convention .....	6-16
6.17 Microstation Sheet File Element Size.....	6-16
6.18 Title Block .....	6-20
6.19 Drawing Scales .....	6-21
6.20 Dual Units .....	6-21
<b><u>Section 7 Design View Projections</u></b>	
7.1 Methods of Projections .....	7-1
7.2 Delineation of Implied Features.....	7-2
7.3 Variations from True Protection .....	7-2
7.4 Views, Sections and Cutting Planes.....	7-2
7.5 Scales of Sections .....	7-2
<b><u>Appendix</u></b>	
<b><u>Appendix A Glossary</u></b> .....	A-1
<b><u>Appendix B SAJ ProjectWise Information</u></b>	
1.0 Information Required to Create a Project .....	B-1
2.0 Adding Design Files to a Project .....	B-1
3.0 Scanning Reference Files.....	B-1
4.0 Checking Out a File .....	B-1
5.0 Adding a Reference to an Existing PW Drawing .....	B-2
6.0 Checking in a File .....	B-2
7.0 Copying Out a File.....	B-2
8.0 Freeing a Checked Out File .....	B-3
9.0 Moving Files Among Projects .....	B-3
<b><u>Appendix C Netspex</u></b>	
1.0 Preliminary Preparation for Design Project Flow.....	C-1
1.1 Netspex and the AEC Standard.....	C-1
1.2 Model Files Types and File Names .....	C-1
2.0 Executing the NetSpex Program.....	C-1

<u>Title</u>	<u>Page</u>
<b><u>Appendix C Netspex (Continued)</u></b>	
2.1 After Microstation Starts.....	C-1
2.2 Project Wise and Open File Dialog .....	C-2
2.3 Branding Design Files.....	C-3
2.4 Creating a New Design File.....	C-3
<b><u>Appendix D InRoads Standard Workflow</u></b>	
1.0 Copy the Standard Civil [date].ini and Wysiwyg [date].ini and Standard aec-tcnames.tml file Files .....	D-1
2.0 Set Up the Project Defaults.....	D-1
3.0 Set the Preference Settings.....	D-1
4.0 Develop the Design the Model and Components .....	D-2
5.0 Create the Standard Microstation Model Files .....	D-2
6.0 Write the Graphic Data to the Appropriate Model Files.....	D-3
7.0 Reference the Model Files to the Sheet Files and Complete the Pagination .....	D-3
<b>Appendix E References.....</b>	E-1
<b><u>Appendix F Jacksonville District Supplement to ERDC/ITL TR-01-6</u></b> <u><i>Model /Sheet Files</i></u>	F-1
<b><u>List of Figures</u></b>	
Figure 2-1 Model File Naming .....	2-2
Figure 2-2 Sheet File Naming.....	2-4
Figure 2-3 Border Reference Example .....	2-5
Figure 2-4 Model File Reference Example.....	2-5
Figure 2-5 Model File Reference Example.....	2-5
Figure 2-6 Sheet File Example .....	2-6
Figure 2-7 Completed Plan Example.....	2-7
Figure 4-1 Project File Set Up .....	4-3
Figure 4-2 Border Companion.....	4-4
Figure 4-3 Border File .....	4-5
Figure 4-4 Border Detail of Text Placeholder Corner .....	4-6
Figure 4-5 Border Detail Text Placeholder.....	4-6
Figure 4-6 Border Revision Block.....	4-7
Figure 4-8 Index.....	4-9
Figure 4-9 Windows ProjectWise Explorer Icon.....	4-9
Figure 4-10 ProjectWise Explorer .....	4-10
Figure 4-11 Expanded ProjectWise Explorer .....	4-11
Figure 4-12 Selection of the Target Folder.....	4-12

<u>Title</u>	<u>Page</u>
<b><u>List of Figures (Continued)</u></b>	
Figure 4-13 Welcome Dialogue to Advanced Wizard.....	4-13
Figure 4-14 Selection of the Target Folder.....	4-14
Figure 4-15 Template Selection.....	4-15
Figure 4-16 Selection of SAJ EN Standards File.....	4-16
Figure 4-17 Document Folder Moved to AEC Seed Files.....	4-17
Figure 4-18 Selection of Civil Seed Files .....	4-17
Figure 4-19 Opening of Civil Seed Files .....	4-18
Figure 4-20 Civil Seed Files Document Listing .....	4-19
Figure 4-21 Selection of Model C-Xect Seed File Set .....	4-20
Figure 4-22 Selection Template with C-Xect Seed File Set.....	4-21
Figure 4-23 Document Properties Box .....	4-22
Figure 4-24 Setting the Document Properties Box for the C-Xect Drawing .....	4-23
Figure 4-25 Completion Document of Civil Model File .....	4-23
Figure 4-26 Selection of Civil Sheet Seed File.....	4-24
Figure 4-27 Advance Document Wizard .....	4-25
Figure 4-28 Advance Document Wizard Document Properties .....	4-26
Figure 4-29 Renaming the Civil Sheet File Document Properties .....	4-27
Figure 4-30 Document Verification Box of Advanced Wizard.....	4-28
Figure 4-31 Completion of Advanced Wizard.....	4-29
Figure 4-32 Netspex Windows Icon .....	4-29
Figure 4-33 Open Design File.....	4-30
Figure 4-34 Netspex Branding Wizard .....	4-34
Figure 4-35 Placement of Views.....	4-32
Figure 4-36 Cut Sections Layout .....	4-32
Figure 4-37 Detail Layout.....	4-33
Figure 4-38 Valve House Structural Drawing .....	4-38
Figure 4-39 Valve House .....	4-35
Figure 4-40 Reference Attachment Settings for Border Companion.....	4-35
Figure 4-41 Valve House with Border File, Structural and Mechanical Files Attached to the Sheet File .....	4-36
Figure 4-42 Companion Border Elements Copied to the Sheet File .....	4-37
Figure 4-43 River and Channel Orientation.....	4-38
Figure 4-44 Cross Section Orientation .....	4-39
Figure 4-45 Graphic Scales Examples.....	4-40
Figure 4-46 Revision Block Requirements.....	4-44
Figure 4-47 Drawing Title Block Example 2 .....	4-45
Figure 4-48 Drawing Title Block Example 2 .....	4-46
Figure 5-1 Reference File example.....	5-1
Figure 5-2 Companion File Attachment .....	5-2
Figure 5-3 Graphic Group Lock .....	5-3
Figure 5-4 Circular Reference File of File No 1.....	5-4
Figure 5-5 Circular Reference of File No 2 .....	5-4

<u>Title</u>	<u>Page</u>
<b><u>List of Figures (Continued)</u></b>	
Figure 5-6 Margin Graphics - Graphics Outside Border .....	5-5
Figure 5-7 Delete Duplicate Element No 1.....	5-6
Figure 5-8 Delete Duplicate Element No 2.....	5-7
Figure 5-9 File Compression .....	5-7
Figure 6-1 Text Placement.....	6-3
Figure 6-2 Terminators and Dimensions .....	6-4
Figure 6-3 Dimensions and Extension Lines .....	6-5
Figure 6-4 Leader Lines.....	6-7
Figure 6-5 Break Lines .....	6-10
Figure 6-6 Local Notes6-11	
Figure 6-7 Standard Border .....	6-20
Figure 6-8 Titles and Subtitles.....	6-21
Figure 6-9 North Arrows .....	6-22
Figure 6-10 Grade Symbology.....	6-23
Figure 6-11 Topographical Symbology .....	6-24
Figure 6-12 Slope Symbology .....	6-25
Figure 6-13 Detail and Section Callouts .....	6-26
Figure 6-14 Elevation Symbology .....	6-27
Figure 6-15 Batter and Centerline Symbology .....	6-28
<b><u>List of Tables</u></b>	
Appended Table 2-3A.....	2-2
Table 6-1 Text Height.....	6-12
