28 November 1944

SUBJECT: Use of Jeep Gunnery Range.

TO : Commanding Officer, 901st AAF Base Unit (Tactical Wing),
AFTAC, Orlando, Florida.

1. The records of this headquarters show that the jeep gunnery range at Pinecastle has been used only one (1) day by units of your organization during the three (3) month period covering September, October, November, 1944. During this period the range has been closed a total of seventeen and one-half (17½) days.

2. An explanation is desired as to the reasons for not using this range in aerial gunners' training. It is further desired that a copy of the training program being used to maintain proficiency of aerial gunners be submitted to this headquarters.
