FOR IMMEDIATE RELEASE

Corps of Engineers Operation Blue Roof receives more than 20,000 requests for blue plastic

JACKSONVILLE, FLA. – The U.S. Army Corps of Engineers, Jacksonville District, Operation Blue Roof program has received over 20,000 requests for blue plastic from homeowners in one week. The program has expanded in one week, from the original three counties declared eligible for individual assistance – Monroe, Collier and Lee counties – to today's total of thirteen counties.

The Operation Blue Roof program provides a temporary remedy for roofs that sustained damage during Hurricane Wilma. A homeowner must first sign the right of entry form before workers can assess the amount and type of roof damage and whether installation of blue plastic will constitute an appropriate temporary repair. Only primary residences that have sloped, shingled roofs are eligible to receive a blue roof. Roofs with greater than 50% structural damage, metal, tile and flat roofs are not eligible.

Right of entry collection centers are open daily from 8 a.m. to 5 p.m. unless indicated otherwise.
