

FACT SHEET  
**Naples to Big Marco Pass (O&M)**  
Operations & Maintenance  
Congressional District: 19

**1. DESCRIPTION**

The project includes the southerly 10.15 miles of the waterway from Naples to Big Marco Pass and 4.5 miles of waterway from Naples to Gordon Pass. An interior channel 6 x 70 feet from southerly limits of the town of Naples to Big Marco Pass; a channel 12 x 150 feet from that depth in the Gulf to Gordon Pass, thence 10 x 100 feet through Gordon Pass and Naples Bay to a point 400 feet south of the U.S. 41 highway bridge, thence 10 x 70 feet to the bridge; and a turning basin 8 x 150 x 200 feet in upper Naples Bay; and a turning basin 8 x 250 x 670 feet at the municipal yacht basin.

**2. FUNDING**

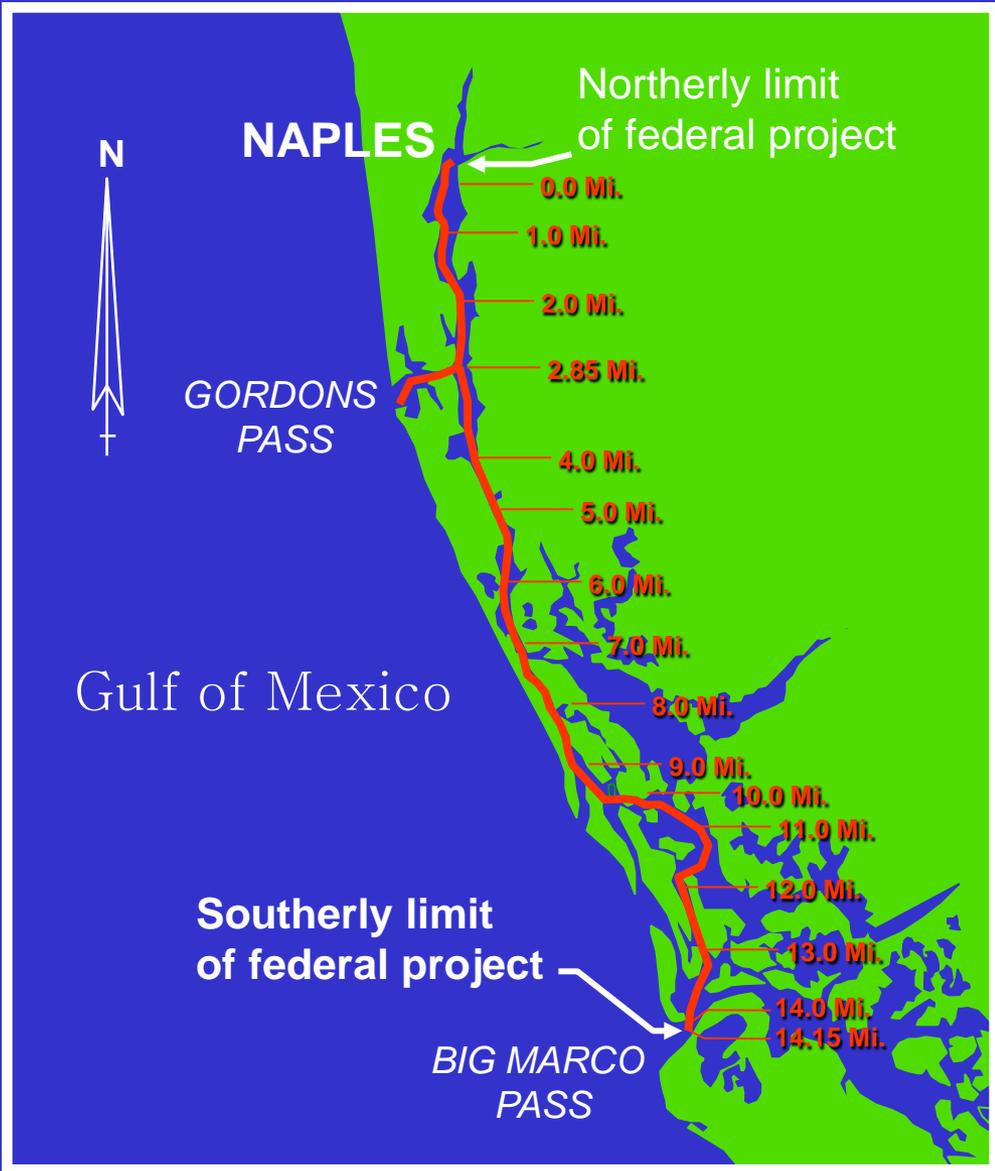

Allocation for FY15	\$	0
President's Budget FY 16		0

**3. SPONSOR**

Collier County  
3300 Santa Barbara Blvd.  
Naples, Florida 34116

**4. STATUS**

NEPA analysis was completed and the state water quality certificate was acquired for cuts 1, 2, 3 and 4. FY2014 Project Condition Surveys shows critical shoals in the entrance channel which is preventing safe navigation in the area.
