

FACT SHEET  
**Jacksonville Harbor - Mile Point, FL**  
 Investigations (I)  
 Congressional Districts: 3, 4, 5

**1. DESCRIPTION**

Mile Point consists of approximately 5,000 feet of shoreline located along the north shore of the St. Johns River and east of the Intracoastal Waterway (IWW). Great Marsh Island and the Mile Point Training Wall divide Chicopit Bay. The confluence of the St. Johns River with the IWW is known as Mile Point, an area that experiences difficult crosscurrents on the ebb tide. Due to these crosscurrents there is navigational restriction on the ebb tide that affects all vessels that have a transit draft greater than 33 feet inbound and 36 feet outbound, inhibiting the free movement of vessel traffic.

**2. FUNDING**

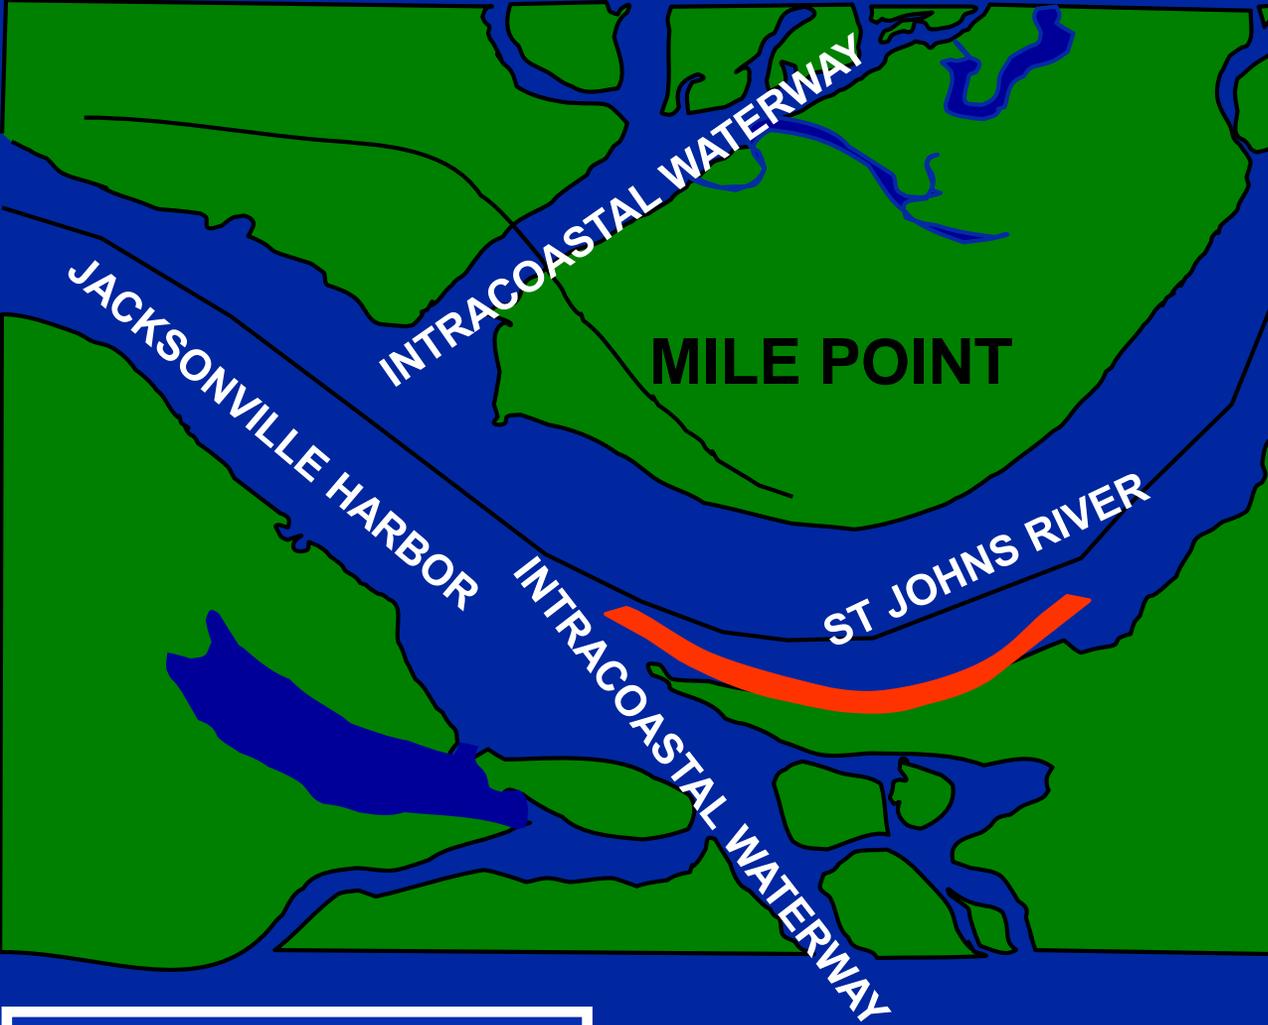

Estimated Total Cost	\$46,400,000
Estimated Federal Cost	\$34,900,000
<u>1/</u> Allocation thru FY15	\$2,474,000
Allocation for FY16	\$0
President's Budget FY17	\$0
<u>1/</u> incls Recon, Feas and PED.	

**3. SPONSOR**

Jacksonville Port Authority  
 2831 Talleyrand Avenue  
 Jacksonville, FL 32206-3496

**4. STATUS**

The contract was officially awarded to Manson Construction on 24 April 2015 using advanced funds from the Jacksonville Port Authority (\$39.5M). Construction is approximately 20% complete with key activities currently focused on placement of marine mattress for the west leg training wall. All work is scheduled to be completed by 31 October 2016.
