

FACT SHEET  
**Duval County, FL BEC**  
 Construction(C)  
 Congressional Districts: 4, 5

### **1. DESCRIPTION**

Duval County is located on the northeast Coast of Florida at Jacksonville. The project was authorized by House Document 519/89/2 in 1966. The project provides for initial beach fill and periodic nourishment, as needed, for the 10 mile segment extending from the St. Johns River south to the Duval-St. John's County line. The design consists of a 60-foot-wide berm at an elevation of 11 feet above mean low water. A Section 934 (PL 99-662) reevaluation study approved February 1992 by ASA (CW), extended Federal participation in cost sharing until 2028.

### **2. FUNDING**

Estimated Total Cost	\$ 109,380,000
Estimated Federal Cost	65,079,000
Allocation thru FY16	46,447,000
Allocation for FY17 Work Plan	0
President's Budget FY18	TBD

### **3. SPONSOR**

City of Jacksonville  
 Department of Public Works  
 220 East Bay Street  
 Jacksonville, Florida 32202-3493

### **4. STATUS**

An award for the next scheduled renourishment was made on 28 June 2016. Approximately 70 percent of this renourishment has been completed however the prime contractor was required to demobilize temporarily to complete previously committed work. Remobilization is scheduled for early May 2017 to complete all remaining beach and berm renourishment efforts. Construction completion is scheduled for early July 2017.
