

FACT SHEET  
**San Juan Harbor PR (O&M)**  
 Operations & Maintenance  
 Congressional District: Puerto Rico

### **1. DESCRIPTION**

San Juan Harbor is located within the San Juan Metropolitan area along the north coast of Puerto Rico. It is the Commonwealth's principle port handling over 75 percent of the island's non-petroleum waterborne commerce and is the only harbor on the north coast affording protection in all types of weather. Over 13 million tons of commerce now moves through the harbor annually. The project consists of a Bar Channel with depths stepping from 56 to 49 feet, a 40 foot deep Anegado channel, a 40 foot deep Army Terminal Channel, a 39-foot deep Puerto Nuevo Channel, a 34 foot deep Sabana Approach, a 36 foot deep Graving Dock Channel, a 30 foot deep Graving Dock Turning Basin, a 36 foot deep San Antonio Channel, a 30 foot deep extension to the San Antonio Channel, two 36 foot deep Cruise Ship Basins, a 36 foot deep Anchorage Area E, and a 30 foot deep Anchorage area F.

### **2. FUNDING**

Allocation for FY17	\$2,300,000
President's Budget FY18	\$TBD

### **3. SPONSOR**

Puerto Rico Ports Authority  
 P.O. Box 2829  
 San Juan, Puerto Rico 00906-2829

### **4. STATUS**

The last maintenance dredging contract was completed in February 2012. The next maintenance dredging event is scheduled for 2017. Approximately 500,000 cubic yards of maintenance material is available. Jacksonville District issued a solicitation to award a construction contract. Base contract and all options were awarded on 8 September 2016. NTP was issued on 26 November 2016. Construction start date is scheduled for April 2017.
