**St. Johns County, FL BEC**  
 Construction (C)  
 Congressional District: 6

### **1. DESCRIPTION**

The St. Johns County, FL storm damage reduction project begins approximately 2.5 miles south of the south jetty of St. Augustine Inlet. The purpose of this project is to mitigate for downdrift shoreline impacts caused by the Federal navigation channel at St. Augustine Inlet, and provide storm damage reduction to the upland development. The cost sharing for this project is 80.5 percent Federal and 19.5 percent non-Federal due to the impacts of the Federal navigation channel to the downdrift beaches. The renourishment cycle for the project is every 5 years.

### **2. FUNDING**

Estimated Total Cost	\$ 261,009,000
Estimated Federal Cost	\$ 209,808,000
Allocation thru FY 16	\$ 37,890,000
Allocation for FY 17	\$
President's Budget FY 18	\$TBD

### **3. SPONSOR**

St. Johns County Board of County Commissioners  
 2740 Industry Center Road  
 St. Augustine, Florida 32084

### **4. STATUS**

The project delivery team is currently engaged in design & permitting for the projected FY17 renourishment project. Advertisement of the project is scheduled for May 2017 (subject to the receipt of FY17 workplan funding). Renourishment is critical this FY due to impacts received from Hurricane Matthew.
