

FACT SHEET
St. Lucie County, FL Shore Protection Project
 Investigations (I)
 Congressional District: 18

1. DESCRIPTION

The impacts of the hurricane season of 2004-2005 emphasized the critical need for shoreline protection throughout St. Lucie County, not just south of the Inlet. St. Lucie County, the project sponsor, supports the feasibility study 100%. The State of Florida also supports shore protection initiatives for the critically eroding shoreline within St. Lucie County.

2. FUNDING

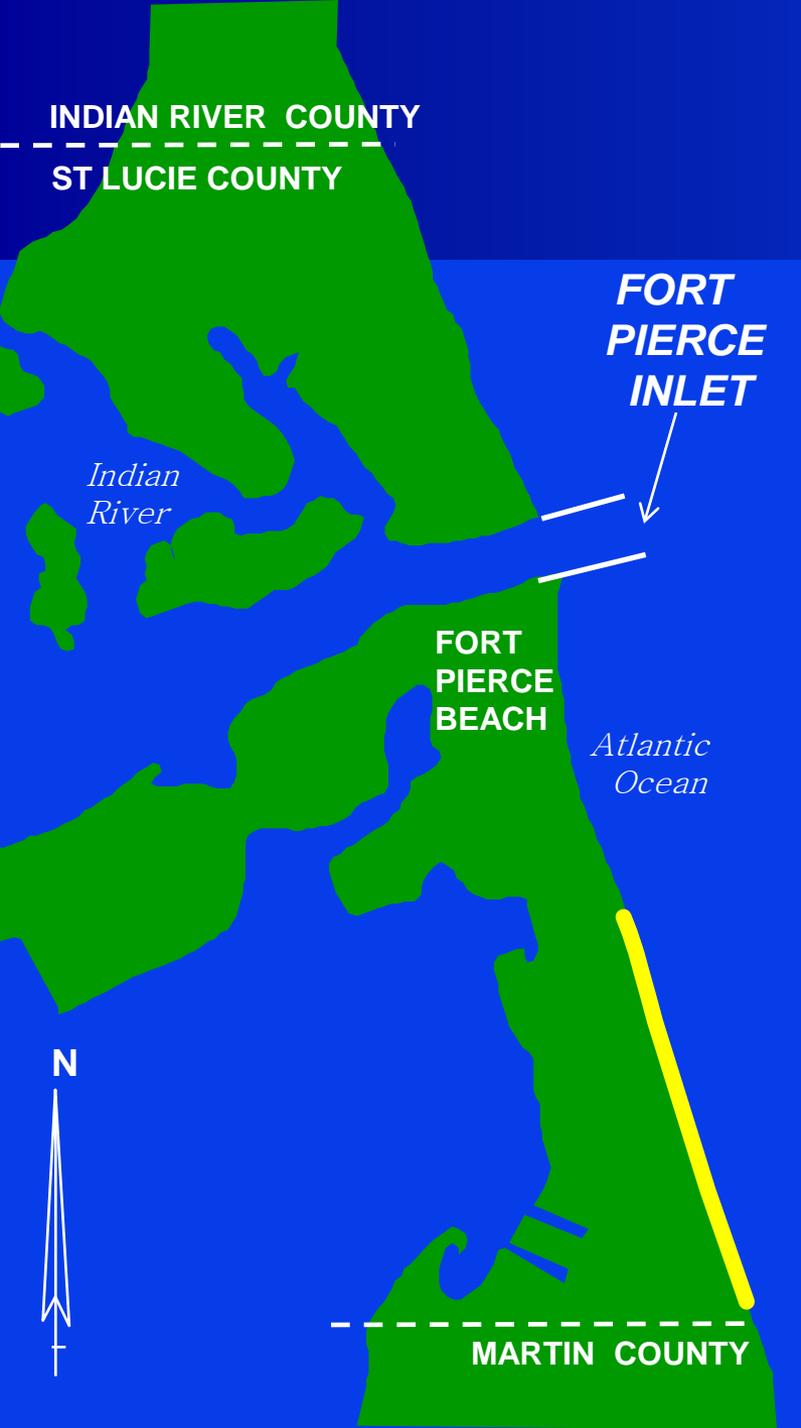

Estimated Total Cost	\$ 3,00,000
Estimated Federal Cost	1,600,000
Allocation thru FY13	\$ 1,254,900
Allocation for FY14	50,000
President's Budget FY15	0

3. SPONSOR

St. Lucie County Board of County Commissioners
 2300 Virginia Ave
 Ft. Pierce, Florida 34982

4. STATUS

A reconnaissance report was approved August 2003 and preparation of the feasibility report began in 2005 following execution of the feasibility study cost sharing agreement in June 2004. Federal funds were provided in FY 2005 thru FY 2007, FY 2009 and FY 2010 for continuation of the feasibility study and preparation of the feasibility report. The sponsor has conducted 100% of their 50% of the total study cost as work-in-kind contributions. Costs of the study will increase in order to perform the required BEACH fx economic model, the inclusion of 4 Agency Technical Reviews, and the Independent External Review. Currently there are no federal funds in the FY14 budget for continuation of the study.
