# CERP Quality Assurance Oversight Team (QAOT) Meeting – May 18, 2016

*The CERP Quality Assurance Oversight Team (QAOT) will be holding a bimonthly status meeting. The CERP QAOT is a multi-agency team that provides quality assurance (QA) guidance at the program level to ensure data quality. The data collected for CERP can be merged to generate an overall picture of the current state of the Everglades system, and to track the ecological and hydrologic improvements that result from CERP projects. Programmatic data quality can be achieved by systematically incorporating quality assurance/quality control (QA/QC) into every aspect of data collection.*

**May 18, 2016 - CERP QAOT Meeting**
10 a.m. – 12 p.m. EST
Teleconference & Web meeting

Teleconference Audio: (855) 682-6800
