Re: Permit No. 0183817-006-BN

Dear Mr. Summa:

We are in receipt of your notice to use the provisions of Section 46 of Chapter 2014-218 Laws of Florida (House Bill 7023) to extend the duration of the above Joint Coastal Permit (JCP) under Part IV of Chapter 373, F.S. Pursuant to the provisions of HB 7023, the expiration date of the permit is changed as follows:

Original Expiration Date: January 18, 2015

New Expiration Date: January 18, 2017

In accordance with the legislation, the permitted activity will continue to be governed by the rules in effect at the time the permit was issued. However, any future request to modify the permit, except where the modification lessens the environmental impact, will be governed by the rules in effect at the time of the modification.

This extension does not:

1. Otherwise change any other terms or conditions of the permit.
2. Affect the expiration date of any associated state-owned submerged lands lease or easement that was executed for the activities authorized in the permit. It also does not change any terms or conditions contained in the lease or easement, such as deadlines for submittal of any required lease fees.
3. Affect the water quality certification determination under Section 401, Public Law 92-500, 33 U.S.C. Section 1341 made as part of the permit.
4. Affect the coastal zone consistency concurrence determination made under Florida's Coastal Zone Management Program in Section 307 of the Coastal Zone Management Act and 15 CFR 930, Subpart D originally contained in the permit.
5. Affect the expiration date of any state, federal, or local permit, license, or authorization related to this permit, specifically including any federal permit under Section 404 of the Clean Water Act or Section 10 of the Rivers and Harbors Act of 1899.

Sincerely,
