MEMORANDUM FOR COMMANDER JACKSONVILLE DISTRICT (CESAJ-PD/ ERIC L. BUSH)

SUBJECT: Approval of the Review Plan for the STA-1E Cells 5 and 7 Report to Assess Alleged Deficiency, Palm Beach County, Florida

1. References:

a. Memorandum, CESAJ-PD, 22 March 2013, STA 1-E Cells 5 and 7 Deficiency Determination Report – Request for Review Plan Approval (Enclosure 1).

b. Memorandum, CECW-SAD, 22 February 2013, Stormwater Treatment Area (STA): Examination of STA-1E performance in achieving authorized Federal project goals, and Development of Deficiency Determination Report in accordance with ER 1165-2-119 (Enclosure 2).

c. EC 1165-2-214, Civil Works Review, 15 December 2012.

2. The enclosed Review Plan for the STA-1E Cells 5 and 7 Report to Assess Alleged Deficiency submitted by reference 1.a, has been reviewed by this office and is approved in accordance with reference 1.c above.

3. In agreement with the guidance provided by HQUSACE (reference 1.b), this Review Plan indicates that a Type I IEPR is not required. We also concur with the conclusion of the District Chief of Engineering presented in this Review Plan that a Type II Independent External Peer Review (IEPR) is not required on this Report to Assess Alleged Deficiency. The primary basis for our concurrence that a Type II IEPR is not required is that the failure or loss of the features associated with the Report to Assess Alleged Deficiency do not pose a significant threat to human life.

4. The district should take steps to post the Review Plan to its web site and provide a link to CESAD-RBT. Before posting to the website, the names of Corps/Army employees should be removed. Subsequent significant changes to this Review Plan, should they become necessary, will require new written approval from this office.

5. The SAD point of contact is Mr. James Truelove, CESAD-RBT, 404-562-5121.

DONALD E. JACKSON, JR.
