CLEANUP ACTIVITIES PROGRESS UPDATE

June 2001

Public Workshop

A public workshop will be held on August 15, 2001 for information and questions on the resuming of operations at the site. We will hold it at the Whitehouse Elementary School from 6:00 pm through 7:30 pm.

General Information:

In March 2001 a fact sheet was prepared and distributed indicating some of the major milestones for the project. Those major milestones are listed again below for your information.

There will be a Public Workshop at the Whitehouse Elementary School on August 15, 2001 from 6:00pm through 7:30 pm. The intent is to give everyone an opportunity to gather information and ask questions about the project. There will be a short presentation given on the changes to the Thermal Desorption Unit (TDU) that are in the process of being implemented.

Project Milestones:

Remob to Site	June 01
Start-up of TDU	Mid-October
TDU Operations Start	Late Nov 01
