Dear Mr. Beter:

I just recently received my certification as a diver (June, 2002) and have witnessed how beautiful and wonderful diving the Horseshoe and Casino reefs can be. I would believe that there would have to be another alternative that would not harm/destroy this reef area and the joy it brings to many divers in this area, not to name the boost in the local economy by having them exist as they are now, with great visibility.

Please take my request plus all the others into account when making your decision.

Sincerely,

Juani McCormick
