ACCEPTANCE SECTION/SURVEY:

REFERENCED SOURCE DOCUMENT:

I have fully observed the performance of the subject survey and have determined, based on my review of the referenced source document record, that the data contains no evidence of collusion, fraud, or obvious error. The recorded data, including calibration corrections thereto, have been obtained in accordance with the systematic/procedural methods and techniques described under Section 02325 DREDGING of the contract specifications, that all known and unknown systematic and random errors have been minimized consistent with: (1) The relative precision levels of the equipment utilized; and, (2) Absolute accuracies expected (or likely) given current (state-of-the-art) horizontal and vertical measurement limitations associated with offshore survey systems, procedures, and related variables; and, as such, the observed/recorded data are fully and finally acceptable for determining and measuring contract performance and payment.
