How To Access Data on

Data Archival Storage and Recovery (DASR) System
Modeling data is permanently archived and available on the CERPZone Data Archival Storage and Recovery (DASR) system. Follow the steps below for accessing data on DASR.

Step 1. Logon to CERPZone at https://www.cerpzone.org/. If you don’t have a CERPZone account, follow directions on the web page. For a short time, some data will also be available via ftp at:

Step 2. Select DASR.
Step 3. Select “Launch DASR.”

Note: Select “Skip to Log on”, if the window “Clink Install to access your applications” appears.
Step 4. Logon to Citrix XenApp using your user name and password. Ensure domain is CERP.
Step 5. Select DASR File transfers.
Step 5. When prompted to open or save “launch.ica” from nfuse.cerpzone.org, select “Open”.
Step 6. When prompted by Citrix Receiver, select “Permit use”.

![Citrix Receiver - Security Warning]

An online application is attempting to access information on a device attached to your computer.

- **Block access**
  Do not permit the application to use these devices.

- **Permit use**
  Permit the application to use these devices.

[Checkbox] Do not ask me again for this site.
Step 7. Note file locations for data and your computer.

The data is here.

Access your computer here.
Step 8. Access data Lake Okeechobee Watershed Project data in the folder below. Note the files represent a previous effort.
